LONDON, March 13.—A three-point demand for the right of "self-determination" by the Slovak people and a guarantee of "protection" for the German minority in Bohemia and Moravia has been served on Czecho-Slovakia by Germany, it was reported tonight by Reuters News Agency.

BERLIN, March 13.—The German press today used phrases similar to those which preceded the September crisis in describing the "monstrous Czech terror" which cut short a separatist movement in Slovakia.

BERLIN, March 13.—Hitler intervened in the troubled affairs of Czecho-Slovakia tonight by throwing the Nazi might behind the Slovak demands for greater independence. Hitler discussed with Josef Tiso, ousted by the Czech government from the Slovak premiership, the extent of the demands which the Slovaks and Germans are expected to make—possibly in ultimatum form—on the government.

Nazi press let loose a barrage of charges against Czechs. DNB news agency reported 22 Germans were wounded by Czech and Communist terrorists at Igau, where fighting is reported continuing.
At Bratislava, Slovak capital, unconfirmed reports circulated that Slovak leaders,

Old Age Pensions At Sixty
Payments Monthly At \$30

Resolution Introduced in Legislature Urges
Changes—Plea Made For Increase in
Pay and Lowering Limit

Reduction of the qualifying age for receipt of old age pensions from 70 to 60, with pension of not less than \$30 a month without any increase in debt or taxation is urged in a resolution placed on the legislative order paper by E. O. Duke, S.C., Rocky Mountain.

Seconded by Mrs. Edith Gostick, S.C., Calgary, the text of the resolution is as follows:

"Whereas Canada has abundant natural resources and available unemployed labor to utilize these resources for the production of wanted goods and services; and

"Whereas it is the right of citizens who have devoted their lives to the service of the nation in any capacity to be granted security in the later years of their lives; therefore,

"It is resolved by this legislative assembly of Alberta that the government of Canada amend the Old Age Pensions Act to provide pensions for all citizens at the age of 60 and for an amount of not less than \$30 a month without any increase in debt or taxation."

The bill has been introduced by Mr. Maynard, minister of municipal affairs, in support of the legislature.

The bill is a clause that requires consent of the minister of municipal affairs before any such bill can be introduced.

It was stated by government officials that the object of the bill is to make more irrevocable present legislation along this line.

Speaking recently in the house, Mr. Maynard gave an indication of the bill's purpose.

Text of the new section of the act is as follows:

"Every parcel offered for sale by any city or town shall be sold to the person residing or of which some person is in actual occupation and every parcel offered for sale by any municipality other than a city or town, shall be offered upon the express condition that no sale of the parcel shall have any force or effect until the same has been approved in writing by the minister."

ENGLAND PILES
UP 496 RUNS
FOR 3 WICKETS

DURHAM, March 13.—After eight days' play the end of the longest cricket match in history is sighted. When stumps were drawn today in the first test with South Africa, England, with seven wickets in hand, needed 200 runs for victory.

Stirling presences by William Edrich, Paul Gibb and Wally Hammond marked today's play when the invaders carried their second innings total from 33 for one to 466 for three wickets. England's first innings closed for 318 runs, the Springboks making totals of 390 and 461.

Started March 3, the marathon contest surpassed the record battle at Melbourne 10 years ago when Australia defeated England by five wickets after battling nearly eight days. If the Englishmen are successful in the present encounter it will be their second victory in the five-game series. The other three matches ended in stalemates.

Chief honours in England's great second-innings recovery went to Edrich who carried his Friday night total of 197 to 218 before going out to a spectacular catch by Norman Yardley, who took one of A.B.C. Langton's deliveries.

Gibb, one of the surprises of the tour, played in his usual cautious style to score 120, his second test century.

Walter Hammond and Eddie Popham were associated when both stumped play. Both batted superbly, the English captain being credited with 46 and Popham with 34.

HIT BY SEVERE
WEEKEND SNOW

TORONTO, March 13.—Rising temperatures and a brightly shining sun that melted snowdrifts swiftly added Ontario's today in clearing up after a damaging weekend blizzard that paralyzed highway motor traffic and disrupted communication.

The meteorological service forecast indicated the respite would be brief. Colder weather tonight with more snow in western Ontario-districts was expected.

CHICAGO, March 13.—Heavy rain, sleet, snow and floods in the northern half of the United States during the week-end hampered traffic, crippled power lines and left at least 16 dead today.

Snow continued today in the eastern States, but rain and sleet had ceased in the middle-west. Plains states and the Rocky Mountain area.

Michigan, Ohio, Indiana and Iowa suffered heaviest in the middle west, but conditions improved today.

Goering Called To Berlin

SAN REMO, Italy, March 13.—Field Marshal Hermann Goering today broke short his vacation in Italy and left for Berlin.

Goering and his wife left Germany March 3 to stay at a health resort here in the Italian Alps. His wife was reported officially as private and solely for his health although he had been expected to go to Rome this week for talks with Italian authorities and later visit the Vatican.

At the hotel where the field marshal, Nazi economic and industrial minister, had spent only a week of his intended month in Italy, nothing was known of the reason for his sudden change of plans.

Goering, his wife and staff left by special train at 4 p.m.

Germany To Intervene
In Czecho-Slovakia

BERLIN, March 13.—Official sources acknowledged today that some sort of intervention would be made by Germany in the Czecho-Slovak situation, which involves agitation for the independence of Slovakia from the rest of Czecho-Slovakia.

The aid from Germany would be a diplomatic representation, but the possibility of "stronger action" is necessary. This was also mentioned by a foreign official.

The spokesman indicated that even if only a diplomatic step were taken, the language of a German note must be sharp and unequivocal. The spokesman would not commit himself as to whether the step would be taken.

REGISTRATION OF
REVOLVERS WILL
OPEN ON TUESDAY

Registration of revolvers, automatics and pistols will open today in Edmonton, originally scheduled to start March 11, will start Tuesday, city police said Monday.

Registration forms from Ottawa were late in arriving in the city, but were received Monday.

Owners must take their firearms to the city police station, pay the registration fee, giving the make, calibre, and other particular of the guns.

Police stress the necessity of taking the guns with them for registration, since those unfamiliar with weapons sometimes use calluses for numbers, and other mistakes in doing so.

The present registration is in addition to the former registration carried out by the Dominion government, and firearms registered at that time must be re-registered.

All manner of guns, including duelling pistols, in fact any gun capable of firing a shot, must be registered.

Mild Blizzard Grips
City As Storm Roars
In On Northeast Gale

Roaring in on the wings of a blizzard 11-mile-an-hour wind from the northwest blasted swept over Edmonton and district at the week-end and blanketed the city with 25 inches of snow.

The storm, general throughout Alberta, blocked highways in parts and forced T.C.A. to cancel Sunday night mail flight between Edmonton and Lethbridge. The blizzard also meant extra work for the street railway department, sweepers being kept busy over the weekend clearing away snow which swept over tracks.

TRAVEL SCHEDULES
All trains and buses in and out of the city maintained strict schedule while most roads throughout the province remained open despite the severity of the storm.

Street cars were packed to the doors as Edmonton citizens chose to ride to work rather than face the icy blast. Trains were all running on schedule as two sweepers clearing over all parts of the city kept tramways open.

Forecast is for cold weather along with more snow.

PEACE SIGHTED IN SPAIN AS REDS CRUSHED

Last Communist Stronghold in Madrid Falls

MADRID, France, March 12.—Having crashed a six-day Communist uprising, General Jose Yaguez today was reported prepared to make immediate peace with General Franco to forestall further new Nationalist offensives.

The "plan," it was believed, means peace with Nationalist General Franco, whose terms are unconditional surrender.

A radio announcement was made after a meeting of the national defense council that began immediately after the last Communist stronghold in Madrid fell.

Yaguez, chief leader of the revolt, was captured, including Lieutenant Colonel Francisco Bruno, former commander of the second army corps, five miles east of Madrid, and Lieutenant Colonel Jose Barrio, former commander of the first army corps, captured at La Pedriza, north of Madrid.

With the fall of the third Communist stronghold, the province of peace with Nationalist Nationalists, 3,000 Republican prisoners who had been in the hands of the insurgents, were freed.

The freed prisoners included the Socialist civil governor of Madrid, Jose Gomez Oreja.

POISONERS FREED
The released prisoners included 300 who had been locked up by the Communists in the basement of the royal country palace at El Pardo, northwest Madrid, where Monday's revolt under Colonel Jose Arana preceded the main uprising.

Tuesday, Colonel Arana was said to be at large.

It was reported quiet in Valencia and other provinces. It was announced General Leopoldo Mola, commander of the Levant army, personally finished the battle plans for a revolt at Requena, near Valencia. He addressed his leaders and promised the would-be rebels to lay down their arms.

Blizzard
below at Calling River and Fairview.

Calgary, Wednesday and Medicine Hat fell the last weeks of winter. Three to five inches of snow falling over the southern cities.

Local visibility and unfavorable flying conditions caused the blizzard to lead to the cancellation of Sunday night's trip to Lethbridge by TCA. But Monday morning's flight got away on schedule. Passengers of other commercial companies were waiting for more favorable weather reports from the north before taking off.

Calgary Has Heaviest Snowfall Of Winter
CALGARY, March 12.—A heavy snowfall in southern Alberta brought welcomed moisture to farm lands during the weekend. Six inches of snow were reported on today by the Drumheller-Calgary section of the city, said to have been blocked by about 18 inches of snow.

Calgary had its heaviest fall of the winter. Five and a half inches were recorded. The snowfall was reported to be the heaviest since 1946, when 12 inches of snow fell in the city.

At High River, 40 miles south of Calgary, seven inches of snow fell and approximately six inches fell at Ponoka. High River and Ponoka, 120 miles south of Calgary.

14 INCHES OF SNOW
In the Drumheller area, 85 miles north of Calgary, about 18 inches of snow fell during the weekend. Sunday's blizzard. Considerable drifting was reported today.

Drumheller hauled their milk on skis from the Alberta dairy to meet the main highway truck. Farmers also hauled feed to their fields for the first time this winter.

About eight inches of snow was reported at Red Deer. 100 miles north of Calgary. The main highway remained open.

R.C.M.P. Once Again Is Making Check of Revolvers, Pistols

By THOMAS WAYLING
Exclusive to Edmonton Journal
OTTAWA, March 12.—The Royal Canadian Mounted Police is once more checking up on revolvers and pistols. During the last year 180,000 weapons have been registered but there are still many which have not been reported to the R.C.M.P. The force has therefore started out on a re-registration campaign.

Between now and the first of July, anyone possessing a revolver or pistol must register it with the R.C.M.P.

This includes every weapon that has already been registered and particularly which have not been reported to the R.C.M.P.

Section 121 (A) of the Criminal Code was amended by adding the following new subsection: "In addition to the registration provided for in sub section 2 of this section, there shall be, similarly, a general registration of all revolvers and pistols during the period between the first day of July, 1955, and the first day of July, 1956, and during the same period every five years thereafter."

generations stepped out in front of the crowd.

Thomas Swain, the son of an English father and native mother, was born in a trading post at the junction of the Red and Assiniboine rivers in the fifth year of the reign of King William IV.

He knew the west of the buffalo border, the west of the fur brigade. He was a contemporary of the hard-bitten, hard fighting Gabriel Dumont, once a war lord of the west.

THE WEST
He knew the west when the fabled army of the Hudson's Bay Company was still unquestioned and was 39 years of age when the company divided itself of a younger brother of a century-old charter.

He served with the loyal forces during the stirring days of Louis Riel's first insurrection. Sixteen years later found him a member of the Prince Albert Volunteer, and a dispatch rider from General Middleton to Riel at Batoche in the 1885 uprising.

Czechs Withdraw

German marched to the police station demanding release of the Germans. The police chief asked the Czechs to leave the police station. All but three of those arrested thus were released.

Later, Czech inhabitants withdrew to their homes, leaving the streets to the Germans, who again paraded, singing the Nazi Hymn and waving Swastika flags.

The German residents of Brunn were described in reports from Brunn as "youthful" who wore the black uniforms of the German Nationalist Socialists of Czechoslovakia.

Previously reported distributed to German newspapers that a mob was fired Saturday at Franz Karmasin, German party leader in Brunn, during a rally was officially denied.

Another German report 18 persons has been killed in disorders between Czechs and Slovaks in Bratislava, the Slovak capital, also was denied.

President Benes was in the New Slovak "conciliation cabinet" yesterday as Czechs waited anxiously for news of the reaction to his move in creating a separatist plot.

DEFIANT SPEECH
Uncertainty over the Nazi government's stand was increased when German radio broadcast a speech by Dr. Ferdinand Duranovsky, minister in the Vienna radio station, without mentioning a separatist plot.

Duranovsky was one of the leaders of the separatist party and, with Jan Prusnak, former cabinet minister, went to Berlin recently and was reported to have signed a German promise of financial aid to Slovakia because independent.

HONOLULU, March 12.—Two thousand miles off the United States Pacific coast, the volcanic island of Johnston, the key to all American defenses from Alaska to Panama.

The little island in the Hawaiian archipelago bulks large in the United States' drive for air rearmament.

Only naval guns or aerial bombs can be fired from the island, which is situated in the line of the island's defense.

Some 30,000 soldiers, sailors and marines already are stationed in Hawaii, where five major army garrisons are located.

Boy Scouts To Take To Air By End Of Summer In Britain

By James Richardson and Sons

LONDON, March 13.—A "Boy Scout air force" will be in the air by the end of next summer if air defence plans prove practicable.

The cadet corps have concluded an agreement with the British Gliding Association which is expected to result in 700 cadets between the ages of 14 and 18 becoming glider pilots by next autumn.

Cadets will attend camps at some of the glider fields throughout Britain, probably for 14 days, and the brighter youths will be given instruction in the air.

Purpose of the air defence corps movement is to acquaint youths with the intricacies of aircraft, make potential pilots out of the more promising among them, and train the rest as airport attendants or assistants at airports in case of war.

GAS SALE FOR ROYAL VISIT IS ASKED IN CITY

Committee Suggests Service Stations Stay Open All Night

City commissioners will recommend to council at Monday night's meeting that gas filling and service stations be permitted to remain open all day June 2 and all night June 2-3, to sell gasoline and oil to the public on the occasion of the visit of Their Majesties.

This proposal was made by the Royal Visit committee, who suggested that, should a public holiday be declared, service stations be excepted.

At present service stations are closed on holidays and on other days after 8 p.m. Gasoline can only be bought at garages after 8 p.m. in emergency and with police permission.

City council is informed, in a letter to be discussed at tonight's meeting, that it has the power to deal with provincial treasury branches and to accept for payment of taxes and other fees orders on a treasury branch.

The letter is from A. Souther, deputy minister of municipal affairs.

Representing the retail fish merchants, A. Blair Paterson and Company, barristers, have asked that a license be issued separate from that issued to butchers, under which classification they are placed at present.

WOOD GETS DRAMA SHIELD FOR CONTEST

Church Young People's Groups Compete In Annual Festival

Symbols of supremacy in the dramatic efforts of the church young people's societies of the city, the silver shield presented Saturday evening in the conclusion of the tenth annual drama festival was won by Newwood Young People's Union for their presentation "The House" by Edna A. Baldwin.

Directed by Maurice Bright the winning play was a story of a young minister whose work in India was hampered by the "Brahmins" among the Indians. But through his spiritual conception of life, he managed to bring culture and help to the heathens.

BEST ACTOR
For his portrayal of Gordon Wright, the minister, Douglas Roy was awarded the silver cup for the best actor of the festival.

The Charles McManis memorial cup for the best performance went to Lila Robinson who took the role of Grandma Brooks in "Round Trip" by Allenworth, presented by the McDougall Young People's Union.

Judged by Mrs. J. C. Biggs, Mrs. W. J. Dick and Donald Cameron, the final adjudication was given by Mrs. Biggs, who said: "This is a marvellous festival and we want to say that we have seen no other dramatic efforts and we are so easily that you have grown in the past years in every way."

EXCELLENT CHOICE
"On the whole your choice of plays was excellent and they were all vehicles that could be easily handled; they were within your grasp. In no way at any time did you clutter up your stage and you were in mind the fact that the actor is not the props, it is important."

She suggested that the players have their lines after the play, so that in the final stages they could exchange their own personal and give vent to the individualism of the role. She mentioned that in connection with "The House" contributed by Newwood United.

Further adjudication remarks included: "Round Trip" presented by McDougall United People's Union, made a naturalness and co-operation which made the selection interesting and combined with a crystallization of effort giving a great power to the performance.

OUTSTANDING
"Burnt Offerings" by Calvin Young People's Union. Outstanding play and possibly most difficult to prepare for in using biblical phraseology it is often difficult to get natural. Stage props and coloring costumes and effects beautifully executed.

"Thank You, Doctor" by Knox United. Melodrama handled well but line at opening not easily audible.

"The House With the Twisted Windows" Central United. Atmosphere established at once. Tennessean of thought in the play was well strengthened with fine part characters for far variety.

"The Oak Settle" by McDougall United. Comedy played well and well sustained throughout. Young people and no weak characters. Unusual type of play. Well handled and well executed.

PAZZE-WINNER
The latter two plays and "The House" prize-winning presentation completed the program for Saturday evening, while the first four were heard Friday night.

Characters seen Saturday night included: "The House With the Twisted Windows" by Calvin Young People's Union; "Burnt Offerings" by Calvin Young People's Union; "Thank You, Doctor" by Knox United; "The House With the Twisted Windows" by Calvin Young People's Union.

COMMITTEE
Committee in charge of arrangements consisted of Mrs. J. C. Biggs, Val Elmi, Daisy Junkin, Margaret Harvey, Kate manager, Les Picher, assistants, Jack Bolder, Art Nefford, electrician, Lewis Bolder.

Flames Damage House While Occupants Away
Fire that started in the home of John Chaska, 1025 10th street, Sunday evening, while the family was away from the house, damaged the dwelling before firemen from hall and extinguished the flames.

William Hays of the Corona Theatre was passing the house at the time when he noticed flames from the front door. He hurried to the front door, started carrying out the contents until the flames became too hot for him to work.

The fire was believed to have started from an overheated stove.

Crowning Of Pontiff Re-Enacted

350,000 AT CORONATION OF PONTIFF

Continued from Page One

Pope XII, thus symbolizing the end of the 80-year controversy between the Holy See and the Italian State which had kept the Pope voluntary prisoners within the Vatican walls.

The reconciliation came with signing of the Lateran accords in 1929, one of the chief accomplishments of the reign of the new pontiff's predecessor, Pope Pius XI, who died February 10, two days before he would have celebrated the 75th anniversary of his accession to the throne of St. Peter.

To receive the crown, Pope Pius XII sat on a golden temporary throne on the balcony half way up the massive facade of St. Peter's, a rich crimson tapestry with the eagle and keys of St. Peter's emblem in gold lining the railings. Above the throne was suspended a crimson canopy fringed with gold.

A warm mid-day sun shone from a blue-tinged sky, with the sun as the ritual came to this climactic moment.

IN WHITE ROBES
Almost on the stroke of 1 p.m. St. Peter's, the cardinal dean, Camillo Cardinal Caccia-Dominioni, appeared beside the throne, followed by attendants bearing white candles and a golden cross.

The Pope, clad in white robes, was embraced in gold and wearing a cloth-of-gold mitre on his head, was borne to the balcony in a sedan chair.

A deafening roar of "viva St. Peter's" and "viva the Pope" came from hundreds of thousands in the square.

The Pope, slightly fatigued by the long ceremony, raised his right hand in blessing, raising his right hand in blessing, raising his right hand in blessing.

GREAT POET HONORED BY COUNTRYMEN

Ukrainians Honor Shevchenko at Empire Theatre Concert

Commemorating the 125th anniversary of the birth of the great Ukrainian poet, Taras Shevchenko, a grand concert was given at the Empire theatre on Sunday evening.

Featuring the Canadian-Ukrainian Music Federation, singing orchestra, adult and youth choirs, under the direction of Mrs. Mary Danika and William Holmwood.

A large audience attended to honor the poet in whose home the concert was held and to hear the musical numbers. Words by the great poet were sung to musical settings as several contributions to the program.

The two choirs and orchestra opened the program with "My Testament" by Shevchenko-Verbitsky. The orchestra, in the course of the program, played "A Thought of the Ukraine" by Prokhorov, "For Consolation" by Shevchenko, "The Overture to William Tell" by Rossini, and two medleys of Ukrainian songs.

The orchestra and choir contributed "The Sun Song" by Shevchenko, "The Dark Cloud" by Shevchenko-Kim, "Hymn to the Mother" by Shevchenko-Bilokorov, and "Let's Sing a Song" being a folk song about the poet. In "Hymn to the Mother" was included by E. Stroz.

Donna Mykhajewich and the orchestra performed "The Cranberry" by Shevchenko-Kim. The orchestra, in the course of the program, played "A Thought of the Ukraine" by Prokhorov, "For Consolation" by Shevchenko, "The Overture to William Tell" by Rossini, and two medleys of Ukrainian songs.

Part two of the program consisted of the third act of the opera by S. Rachmaninoff, "Katerina". The orchestra, in the course of the program, played "A Thought of the Ukraine" by Prokhorov, "For Consolation" by Shevchenko, "The Overture to William Tell" by Rossini, and two medleys of Ukrainian songs.

Those participating in the concert were Mary Danika as Ivan, A. Mykhajewich as Kateryna and Steve Stroz as Ivan. A. Mykhajewich as Kateryna and Steve Stroz as Ivan. A. Mykhajewich as Kateryna and Steve Stroz as Ivan.

In this grand accompaniment, provided by Jenny Stroz, the orchestra, in the course of the program, played "A Thought of the Ukraine" by Prokhorov, "For Consolation" by Shevchenko, "The Overture to William Tell" by Rossini, and two medleys of Ukrainian songs.

Modern Merchandising New Course Offered At City Technical School

A type of training not heretofore available in Edmonton is given in the "Modern Merchandising Course," now being attended by 46 young business men in evening classes at the Technical School, under the direction of John Ketter, advertising manager of the Hudson's Bay Company here.

Growth of merchandising from the general store to the highly scientific and technical methods is reviewed in the course which gives thorough study to the complexities of marketing goods.

Various types of retail agencies are discussed at the beginning of the course, the unit being the store, department store, mail order, direct selling, company store, chain of department and specialty stores.

ORGANIZATION
Organization, "mark up" or difference between cost and selling prices, inventories and other costs of operating a retail unit are explained in detail.

The course is delivered in a series of four-and-a-half lectures, followed by half-hour question and discussion periods. Pupils are urged and students have been taken on visits to a number of industrial plants here.

There are 15 steps through which goods pass before they reach the customer. Mr. Ketter has explained. They are: raw product, preparing, manufacturing, agent, buyer, then packing, shipping, and finally, with transportation link to store, then on the track and to the store.

Similar courses have been given by Mr. Ketter, while associated with the Hudson's Bay company's schools at Calgary and Victoria, B.C., before coming to Edmonton.

**Alberta Man Gets
Incitation For
Pope's Funeral**
A formal invitation to attend the funeral of the late Pope Pius XII was received from the Vatican recently by Louis J. Gaudin, a resident of the Hudson's residential industrial school.

The invitation, said to have been sent through friends, is believed by Catholics here to be the first of its kind to be sent to a person in the Edmonton area. It is printed in Latin. Mr. Gaudin was born in Alberta of Italian parents, and studied in Rome for three years.

Ice Tower Removed
City firemen Saturday removed the huge ice tower erected at the foot of 101st street just west of Jasper as a feature of the winter carnival. The tower, which stood on the river ice now the low level bridge.

Mr. Ketter, who has found recent success in his course, will repeat it next winter. Since coming to Edmonton he has addressed the Commerce Club of businessmen on merchandising and advertising.

Equally false is the statement that the C.U.P.F. is a section of the U.P.T.A. It is an independent organization of Canadian-Ukrainian youth, formed in July 1937, composed of clubs and branches functioning in the province of varied character," said Yacuk.

The Canadian-Ukrainian Youth Federation is an organization formed for the purpose of providing for co-operative effort, cultural, educational and recreational facilities for the Canadian-Ukrainian young people. The entire activities of the Federation are based upon the desire of its members to advance our country on the road of peace, freedom and democracy.

**Snow Removal
By Truck Said
Easiest Means**
Loading of snow shoveled from city streets on trucks and conveying it down the hill to the river bank is suggested as the most feasible method of disposal, according to a report from City Engineer A. W. Headon, passed before council on a city committee.

Cost of removal would be increased from the present 20¢ a cubic yard, cost to haul it to the municipal north of the court house a disposal objected to by aldermen. Mr. Headon said melting it in the streets and running it down storm sewers would cost 30¢ a cubic yard. He did not favor sealing it over the bank by chutes as this would make the banks unstable.

**Camera Club
Meet Tuesday**
At the Edmonton Camera Club's meeting a photo test was given by H. C. Mackay, F.R.I.S. Tuesday's meeting will be chiefly devoted to experimental work with the members' own cameras. Films, films and exposure meters. Meetings of the club are held the second and fourth Tuesdays of each month at 8 p.m. Visitors are welcome. Members are asked to bring a wide assortment of films and filters for a Tuesday's meeting.

EASTERN STAR ORDER HEARS PASTOR SPEAK

Dr. G. A. Macdonald Talks Of Bethlehem—Duet Sung

Members of the various chapters of the Eastern Star Lodge in Edmonton, "opened in terms of great moral virtues such as faithfulness, industry, hope and immortality, and they guided them to the stars of Bethlehem. Special debt was won by Miss Paul Griffith and Miss Thelma Hays.

In his sermon Dr. G. A. Macdonald, pastor of the church, said that "the true men of old looked to the stars that guided them in the desert wilderness, and they looked to the stars that guided them in the desert wilderness, and they looked to the stars that guided them in the desert wilderness."

MORAL VIRTUES
The "sacred order" present here this evening, Dr. Macdonald continued, "opens in terms of great moral virtues such as faithfulness, industry, hope and immortality, and they guided them to the stars of Bethlehem. Special debt was won by Miss Paul Griffith and Miss Thelma Hays."

Other speakers heard in city were Rev. A. K. McKim of McDougall United who spoke of "Freedom and Freedom" and "The Song To Jesus Christ." Rev. J. Gordon Brown of Robertson United who spoke of "The Song To Jesus Christ." Rev. J. Gordon Brown of Robertson United who spoke of "The Song To Jesus Christ."

There can be no real reform without the change of the inner heart of man. If man will accept the truth of Christianity and practice it, a transformation will take place," he said.

POWER PLANT'S EXTENSION TO COST \$800,000

Edmonton's power plant expansion program was completed in 10 months at a cost of \$800,000, though it had been estimated to cost \$600,000. It is stated in a report submitted by Supl. R. G. Watson to Commissioner R. J. Gibb.

Commissioners praised the work done by Mr. Watson, who has been in charge of the project since its inception. The project was to limit on everything but labor.

When Mr. Watson took over the management of the power plant early in 1937, he rededicated the expansion plans and had a large-sized boiler installed instead of the smaller size originally planned.

A circulating water pumping station costing \$120,000 was added to the plans and now is in operation. Saving to the city will be \$80,000 a year for the next 20 years in capital charges, Mr. Gibb said.

Endorser Is Given Gathering Of Youth Council

Letters of endorsement for the conference of the Edmonton Youth Council to be held in the Macdonald hotel Tuesday and Wednesday evenings have been received by the council executive from E. L. Gray, M.L.A., leader of the provincial Liberal party; Rev. T. Ross, general secretary of the Y.M.C.A., and Dr. W. A. Kerr, president of the University of Alberta.

Initial session will open at 7 p.m. Tuesday with a display of work done by the youth council. Mr. George Hogg will give a paper on "The Youth Council's Program." A report will be read of the work done in a campaign against social diseases.

The evening activities will conclude with a social gathering. The council executive for the ensuing year, Mr. J. H. Gray, will be elected.

Old Contemptibles Meet Wednesday To Form Organization

An organization meeting of the "Old Contemptibles"—those men who served with the allied forces in France between Aug. 4 and Nov. 11, 1918—will be held in the Macdonald hotel Tuesday and Wednesday evenings. The meeting will be held in the Macdonald hotel Tuesday and Wednesday evenings.

LOCAL ARTIST TO HANG WORK IN MONTREAL

Friends in art circles in the city take pleasure in the news received today that Mrs. C. B. Murphy, of this city, has had two of her pictures accepted by the Montreal Art Association.

The picture of Mrs. Murphy is a member of the Edmonton Art Society and an associate member of the Montreal Art Association.

Hockey Tilt With Grande Prairie

Exclusive to Edmonton Bulletin
GRANDE PRAIRIE, March 13.— a hockey game that packed the arena sick to the rafters. Sexsmith-

Airport Rangers defeated the Grande Prairie Green Devils in the second game of the Canadian Utility Cup contest. Only one goal was scored each period, the first going to the Airport Rangers. The Rangers scored in the second and third periods.

There was plenty of action throughout. The series now stands all, Grande Prairie having won the first game played in Sexsmith Wednesday. The deciding game will be played this week. Between periods Miss Lois Mc-

and Mr. C. Cartwright, members of the Glencoe Skating Club, Calgary, who have appeared in various towns in the district, give an exhibition of fancy skating, both solo and couple numbers being beautifully executed. Miss Dorothy Guthrie and Miss Lois Macdonald, Glencoe, also gave a fine display of fancy skating.

Russians Discover Plan Of Grandiose Proportions Charged To Great Britain

**FIFTY KILLED,
62 WOUNDED
IN HOLY LAND**

JERUSALEM, March 13.—Fifty-five Arabs were killed and 62 wounded in a clash on Trans-Jordan territory Saturday with British troops backed by Royal Air Force planes.

Five British soldiers were killed—one of them an officer named Macdonald. Two were wounded.

Three squadrons numbering 15 planes participated in the battle, bombing and strafing the "Peruvians," who after an invasion into Trans-Jordan last Friday to pillage numerous villages, withdrew into the mountainous region near the Palestine border.

Three planes were hit. Aboard one was Colonel A. Chrysal, who directed the attack. It was struck in 10 places and brought down. Sergeant Grogan, piloting the craft, was gravely wounded, but the plane was unharmed.

The plane bombed the Arab band, then swept close to the ground to machine-gun them, driving them into the northern end of a valley, where they were pursued by the British aircraft.

JERUSALEM, March 13.—Explosion of a land mine today killed two Jews and gravely wounded two others as they were walking along a trail near the Gilels hills.

Britain Submits Final Palestine Proposal To Jews

LONDON, March 13.—The British government last night submitted its "final" Palestine plan to Jewish delegates to the Holy Land peace conference who resumed negotiations during a three-hour meeting.

The Jews did not reject outright the British proposal which calls for an independent Arab state in Palestine with the Jews a permanent minority.

They agreed to consider the plan further when the government submits it to them in writing.

MOSCOW, March 13.—A scheme attributed to Britain to overthrow Italy and Japan as pawns in a grandiose realignment of world forces for the benefit of the British Empire was reported today to the 10th annual All-Union Congress of the Communist Party.

Dimitri Manuilsky, delegate on the executive committee of the Communist International, told delegates British imperialists were plotting to overthrow Italy. Premier Mussolini in the Mediterranean at the expense of France.

He pointed out the alleged British scheme as a move to detach Mussolini from the Rome-Berlin axis while "breaking the teeth" of Chancellor Hitler in a British-encouraged German plot on Soviet Russia.

"In the far East British reaction dreams of dividing China," he asserted. "They permit Japan to weaken China but at the same time encourage military and economic weakening of Japan in order to act as a buffer in a Munich peace of the Far East."

While he described the purported scheme as aimed especially at Italy, Manuilsky said British imperialism does not desire the collapse of Fascism either in Germany, Italy or Japan.

"It wants to help the governments of these countries—away from bankruptcy by granting them loans—thus making the Fascist states depend on the British Empire," he charged.

Manuilsky explained the thrust of this scheme from the point of view of British imperialism was that it would save capitalism through victory over Russia, at the same time weakening British rivals and leaving her supreme among world powers.

But it would not work, he predicted. In fact with this reaction, any plan of robbery by the British bourgeoisie at digging their own graves, the communist executive said.

Manuilsky reported Communist party membership outside of Russia grew 1,000,000 and young Communist leagues an aggregate membership of 1,000,000 Canadian membership in the party in the last five years has grown from 8,000 to 100,000, he said.

HITLER TO DOMINATE BALKAN STATES

Germany Has Set Face Determinedly Eastward Again

By LOUIS F. LOCHNER
Associated Press Feature Staff

BERLIN, March 13.—Germany has set her face resolutely eastward again after a brief period of seeming indecision. This is the conclusion of a weekly editorial reached after two days of careful questioning of many responsible men in Germany.

Replies of these men indicated domination of the Balkans is the present objective of the Nazi government's foreign policy.

Events in Czechoslovakia (where Slovak separatist agitation has led to dismissal of three ministers, including the Premier, of the autonomous Slovak government by the president or Rezaik) appear to have hastened the German decision.

FIVE LIKELY OBJECTIVES
For months Germany (Adolf Hitler) has had five likely objectives under study: First, recovery of war colonies; second, penetration of southeastern Europe; third, reunion of Austria and Germany; fourth, the Treaty of Versailles with the Reich; fifth, help to Italy in her Mediterranean aspirations.

None could tell when German power politics would be turned to realization of any of these objectives. Hitler likes to wait and then seize an opportunity with lightning rapidity before the others have made up their mind.

President Emil Hacha of the Czechoslovak central government, by cracking down on the leaders of the autonomous Slovak regime, gave Hitler one of these chances.

GANDHI WINNER OVER OPPRESSION CHARGED IN INDIA
BOMBAY, India, March 13.—Mahandas K. Gandhi gained another victory Sunday when the All India Congress, meeting at Tripuri, passed unanimously a motion of no confidence in the congress party president, Subhas Chandra Bose, whom Gandhi is opposing.

Gandhi acted on another front when British authorities ordered the Rajah of Dharwar, whom Gandhi charged with oppression, to take a year's holiday.

A British official, was designated to straighten out the affairs of the Rajah's estate from the charges of strict fidelity recently to escape alleged oppression and corruption.

2 MINERS ARE KILLED SUNDAY IN ROCK BLAST

KIRKLAND LAKE, Ont., March 13.—Two miners were killed and three others seriously injured by a four-hour blast when a rock exploded in the 3,500-foot and 3,700-foot levels of the Lake Shore mine here.

The dead miners are Michael L. Verrington, 28, and George Selmer Braten, 28, both married. The injured men were rescued, suffered from shock, cuts and bruises but did not require hospital attention. They are Herbert E. Lewis and Russell Bates. The four were working on the 3,700-foot level.

Rescue crews recovered the bodies, buried under tons of rocks.

Levin was the first man reached by a rock, having been working in the 3,500-foot level. He was killed by a blast of rock which he heard about a foot when he heard about this. He is to be married today to Lenora McDermott of Kirkland Lake.

Vancouver To Have 55 Miles Of Parade Route
VANCOUVER, March 13.—What is expected to be the longest parade route in the history of the city will be the parade route of the entire Canadian tour—35 miles of flag-bearing bands, floats and marching bands.

The parade will start at the city hall and end at the city hall. The parade will be held on Sunday, March 19, and Monday, March 20.
